## HANDLING AND DISPOSAL OF INFECTIOUS MATERIAL

All infectious waste (sharps, free-flowing blood or body fluids, items soaked in blood or body fluids) is disposed of by the following company
Waste (other than sharps) contaminated with blood or other bodily fluid must be placed in a garbage container labeled "BIOHAZARD" or have the universal biohazard symbol, lined with a strong leak proof plastic bag, tied to prevent leakage for handling, and placed in rigid leak proof containers for storage and transportation. This waste is considered contaminated but not "infectious". Examples are gloves, tissues, or ink cups. Once closed securely and removed from the work room, it can be placed with other regular garbage for disposal.
Name of licensed solid waste facility or company that garbage (other than infectious waste) is sent to:
City
TOILETS AND HANDWASHING FACILITIES
Is the toilet room within 200 feet of the work room by pedestrian route? $\square$ Yes $\square$ No
Is the handwashing sink for the toilet room inside the room or within 10 feet of the door? $\square$ Yes $\square$ No
WORK ROOM
What type of barrier separates the work room from corridors, waiting areas, etc.?
Describe:
Is the handwashing sink in the work room? ☐ Yes ☐ No
If not in the work room, is the handwashing sink within 10 feet of the doorway? ☐ Yes ☐ No
If the handwashing sink is outside of work room, does doorway have a two-way self-closing door?
□ Yes □ No
What type of flooring is in the work room? Describe:
TATTOOING
Describe how the transfer of the tattoo design will be done and what type of single use, disposable product will be used and any products applied to the skin as part of the procedure:
TEMPORARY OR MOBILE ESTABLISHMENT
Describe in detail where water will be obtained, how it will be stored and dispensed, and how wastewater will be collected and disposed of (space continued on next page):

## **LICENSE REQUIREMENT AND DISPLAY**

- ❖ Notice: Once you receive your license, it must be displayed in view of your clients. The license is not transferable and is specific to the person and the location. If either the location or owner changes, a new license is required.
- Approval of these plans and specifications by the health authority does not indicate compliance with any other code, law or regulation that may be required, such as building code permits and inspections, fire and life safety inspections, and other business licenses. It further does not constitute endorsement or acceptance of the completed establishment. A pre-opening inspection with equipment and supplies will be necessary to determine compliance with the rules governing tattooing and/or piercing establishments.
- ❖ I hereby certify that the above information is correct. I fully understand that any deviation from the above without prior permission from the health authority may nullify any approval from the health authority.
- ❖ I have read and understand ARM 37.112.102 through 37.112.167.
